

# How to Amplify your Content

WHAT TO DO TO GROW YOUR BUSINESS

## STEP 01

### Only Amplify Your Very Best Content

Content amplification is useless unless you're promoting the very best content you have.

## STEP 02

### Leverage the Power of Influencer Marketing

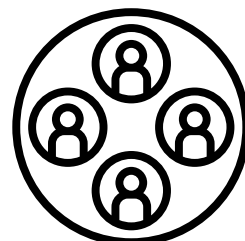

It can be niche influencers you know and partners you have collaborated with.

## STEP 03

### Use Community Promotion Strategies

Join FB communities, and LinkedIn groups relevant to your business and interests, and share valuable content

## STEP 04

### Go After the Right Audience

Any good content amplification strategy defines the target audience. How well do you know yours?
